

# We fast-track your success

We support our member-companies with efficient, practical services to enhance their competitiveness and represent the interests of the entire Bavarian metalworking and electrotechnical industry. Our services range from legal advice on events and training courses to assistance with internal corporate process optimization and representation in court.

## Comprehensive service

From building employment relationships to internationalization—you benefit from advice, information, events, networking and tools as well as collaborations, partners and projects.

## High-level network

We share experience, transfer know-how, represent your interests and develop your business relationships in order to offer you direct access to industry, science, political institutions and the media in Bavaria, Germany, Europe and throughout the world.

## Onsite support

Our regional branch offices allow us to remain nearby at all times and keep in touch with regional and local particularities. You may even request support directly at your facilities.

## You have the choice

Regardless of whether your employees have a collective bargaining agreement, you benefit from our many years of experience in building employment relationships for companies in the metalworking and electrotechnical industry.
